Dear Mr Harrison

This letter is to confirm your definitive transfer as a MEMBER of this Institution.

Your name has been entered on our Register of Members and it will also be forwarded to The Engineering Council for entry on their Register as a Chartered Engineer. You are now entitled to use after your name the abbreviations CEng MChemE. It is recommended that in using designatory letters, CEng is placed after your academic qualifications and before your professional qualifications as shown.

To maintain CEng registration, each Corporate Member is required to register annually with The Engineering Council and your annual registration fee will be collected at the same time as your Institution subscription. May I remind you that The Institution's Council recommends that Corporate Members continue their registration with The Engineering Council.

When The Engineering Council has recorded your registration you will receive an application form for an Engineering Council Certificate. The application form and payment should be returned direct to The Engineering Council.

The Institution staff are all here to help you, if we can be of any assistance please do not hesitate to contact us.

Yours Sincerely

ANGELA RAITT (MRS)
Assistant Registrar
